

SPROCKET KIT FOR ECONO Drive Operators

INCLUDES:

- **Sprocket**
- **Chain**

FEATURES

The standard Chain and Sprocket drive is a customized universal kit for the ECONO motors. The sprocket is supplied with either a 30mm or 25.4mm bore and includes an 8mm key-way & a grub screw ensuring flexibility in mounting options. The standard kit provides a speed of +/- 7-8 rpm depending on the motor used.

(The Company reserves the right to amend product specifications and information without notice.)

The Accessory Kit featured in this document is the standard offering.

If these do not meet your requirements please contact Dortech Sales to provide a tailor-made solution in accordance with your specific needs.
